

23 December 1975

MEMORANDUM FOR: Chairman, USIB Security Committee

SUBJECT : DIA Proposed Security Policy on Travel and Assignment of Personnel with Access to Sensitive Compartmented Information (SCI)

REFERENCE : Memorandum for Chairman, Security Committee from DIA Member, dated 15 December 1975, same subject

The simple assertions in referenced DIA memorandum provide us no basis for any meaningful judgment on the issues. There are valid and distinct gradations of security sensitivity involved in the SCI field, particularly with regard to advanced systems and technology. Marked gradations also exist regarding the extent and depth of exposure of particular individuals to the most highly sensitive aspects of compartmented data. Before considering any approval of DIA's arbitrary proposals, we would expect considerably more specific and detailed assurance that the DIA Defensive Security Briefing program provides for adequate measures to deal with these problems.

Chairman

Committee on Imagery Requirements and Exploitation

25X1
